Hi All.

A few additional items to add to the agenda and resending the USACE/EPA/ODEQ Letter of Agreement on coordination to revisit:

Agenda

- 1 Introduce new participants and recap purpose and process of coordination group
 - EPA manager representative needs to be identified and invited/briefed
- 2 Review of events/projects from July (cancelled), Aug, and Sep 2015
- 3 Gunderson debrief
- 4 Other coordination concerns:
 - EPA 404 concurrence – for projects outside of PH
 - PSET coordination with additional EPA staff earlier on PH projects
 - NWP 6 sampling BMPs to allow expedited review/programmatic BO
- 5 Move manager updates to bi-annual or elevate as needed status?

See you this afternoon.
